

Great Ponton CofE Guided Reading Curriculum

Intent

To develop learners spoken language, reading, writing through modeling how to convey ideas fluently and confidently

Each week of teaching runs as a cycle, with activities for small groups of children to complete on a daily basis, in sessions lasting between 20 and 30 minutes. The progression of activities across the five days helps to develop children’s comprehension strategies and deepen their comprehension of the week’s key text.

- Day 1: children complete a vocabulary exercise based on key vocab they will come across in the text
- Day 2: children pre-read the text and make notes about the three key questions
- Day 3: children discuss the three key questions in their group and use strategies to comprehend
- Day 4: Children reflect on the group discussion by completing follow-up tasks which embed strategies
- Day 5: Children complete a follow-up writing activity linked to the text which practises key strategies.
