

PSHE/RSE

To develop and prepare learners for the opportunities, responsibilities and experiences of life in the modern world to be an individual. Whilst enabling the spiritual, moral, social, cultural, mental and physical development of pupils both in school and in the modern world. Continually developing British values and SMSC in our learners to encourage a true understanding of the modern world.

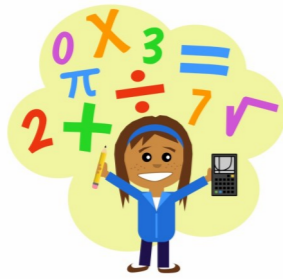

RE

To inspire religious literacy in pupils; developing an understanding of how people of faith live, think and express their beliefs.

Maths

To inspire, critical thinking, problem solving and reasoning

Science

To develop and encourage curiosity in our universe and promote respect for the living and non-living. Exploring and discovering what is around them, so that they have a deeper understanding of the world we live in. By facilitating a sense of wonder in the world around us and understand the use of science in our everyday lives.

Geography

Our learners will have a curiosity and fascination about our world and its people.

History

Our learners will be curious about the past and how it affects their own identity and the challenges of our world today.

Our Whole School intent

Our ambitious curriculum has been designed for our learners and their environment. It is a tailor-made curriculum, which is built around skills, knowledge, personal and spiritual development.

We aim for our learners to be critical thinkers by allowing them to have access to age-appropriate skills, as building blocks to prior learning, allowing knowledge to grow and learners being able to problem solve throughout their life. We want them to become well rounded members of society.

We help the learners experience and understand diversity and equality and how this links to being a member of a supportive church school. In turn the learners understand how those communities value and support them.

English

To develop learners spoken language, reading, writing through modeling how to convey ideas fluently and confidently

Collective Worship

To inspire pupils to shine the Light of Christ in their home, school and community.

Music

To experience a diverse range of music and show creativity through knowledge and musical skills.

MFL

Our learners will have an appreciation of other cultures through the learning of their languages.

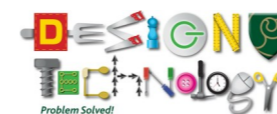

Computing

Our learners will be digitally literate, acquiring the skills and knowledge required to thrive in the world of tomorrow.

DT

To create and develop enthusiasm and skills in design and technology in a variety of forms.

Art

To ignite and develop creativity through different expressive forms and application of skills.

PE

To develop physical confidence to support health and fitness through both competitive opportunities and activities that build character and embed values of fairness and respect.
