

Going to Primary School In Lincolnshire 2020/21

Foreword

Dear Parent or Carer

As Head of Paid Services we are pleased to introduce 'Going to School in Lincolnshire' to you and to thank you for considering one of our schools. Our standards are high and children thrive in our schools. We want every child to develop and achieve their full potential and we need your support as parents to help us. This partnership is vital in helping our young people become independent and responsible citizens who can make a positive contribution to society.

Please take the opportunity to visit schools where you will find happy children with excellent staff working in a range of different ways to fulfill each child's potential.

I know our teachers will be pleased to show you round their school to see the wonderful work that is being done.

Debbie Barnes

General Information

This guide is for:

- Parents applying for a reception place at a primary or infant school with children born between 1 September 2015 and 31 August 2016
- Parents of Year 2 children at an infant school who require a place in Year 3 at a junior or primary school
- Parents of Year 2 children at a primary school who require a place in Year 3 at a junior school

Introduction

This booklet is produced by the County Council School Admissions Team. It contains information about schools, summaries of their admission policies and other useful information. This booklet tells you how to apply, the facts and figures but we recommend that you speak to schools, arrange visits and see first-hand how they operate.

You can ask schools about their curriculum, how children are monitored, equal opportunities, community cohesion, special educational needs, disabilities, religious worship, looked after children, behavior, attendance, school uniform, gifted and talented, and much more.

The school can also tell you about published reports, school inspections and how to find out about any attainment tables.

Who are the School Admissions Team?

We are part of Lincolnshire County Council and are responsible for coordinating the admission of children into schools. We provide information on the application process, provide various methods to apply and we will notify you of which school can offer a place.

How you can contact us

We provide a number of ways you can contact us:

- By phone: 01522 782030. Our customer service centre is open from 8am – 6pm Monday to Friday (less public holidays) to deal with your calls
- Email us at: schooladmissions@lincolnshire.gov.uk

Interpreting Service

If you speak little or no English, we provide access to an interpreting service. Our staff will be pleased to help you in using the service if required.

What are our different types of schools?

Community and controlled schools

The local authority is the admission authority for these schools. The schools use the Lincolnshire County Council admissions policy. We have delegated decision on who should be offered a place to governing bodies but they must do this in line with the County Council policy.

Voluntary aided schools, foundation schools, free schools and academies

The governors of these schools are responsible for setting their own admissions policies. Each individual school can have its own separate admission policy.

When can my child start Reception?

Admission authorities must provide for the admission of all children in the September following their fourth birthday. We process these applications on the basis that most children will start school at the same time.

You can request that the date your child is admitted to school is deferred until later in the academic year. You can also request that your child takes up their place part-time until they reach compulsory school age. If you intend to do this you must discuss it with the school. However, government rules say that if your child was born in the summer term they must start immediately after the Easter holiday or they may risk losing a place that the school is holding for them.

By law every child must be in school at the start of term after their fifth birthday.

When can I apply and what is the deadline?

For starting reception and juniors we open our online application system on **14 November 2019**. Alternatively, from this date you can phone us for an application form or make a telephone application.

The closing date for receipt of applications in our office is **12 noon on the 15 January 2020** so that we can begin processing the many thousands of applications we expect to receive.

We lock down our system at **12 noon on the 15 February 2020**, which means we cannot process any changes, new information or applications after this deadline. Anything received after this will be dealt with later in the process due to the amount of work we need to do and the volume of applications we have to deal with. These will be looked at in the week commencing **25 May 2020**, which is after the offer date.

How do I apply for a Reception or Junior place?

You must apply through your home Local Authority. Over 95% of Lincolnshire parents apply using the online application system, but you can also apply by phone by contacting us on 01522 782030. Please apply using one method only.

If you live in Lincolnshire and want a school out of county you must still apply through Lincolnshire. We will liaise with the other local authority on your behalf. If you live out of county and want a Lincolnshire schools you must apply through your own local authority and they will liaise with us.

Lincolnshire residents can apply online at www.lincolnshire.gov.uk/schooladmissions. If you apply online and enter a valid email address you will receive a confirmation receipt summarising your preferences.

If you apply by phone but provide a valid email address you will receive confirmation of your application via email. If you cannot provide a valid email address we will send you a confirmation receipt by post for you to verify and return.

Supporting reasons for applying

If your child is looked after or previously looked after you will be able to specify this on your application. You will also be able to state any sibling connections.

Some schools accept medical or faith reasons, you will need to specify this on your main application. If you apply online you will need to tick the relevant box if you are applying under religion, faith, or medical grounds. Please be aware that you may be required to submit additional documents to support your application on these grounds, for example a baptism certificate. Please contact the relevant school for further information.

Some schools give priority to children of staff members, if they do, this will be stated in their admissions policy. If you would like to apply on these grounds please either email schooladmissions@lincolnshire.gov.uk or send a supporting letter.

If you have any other supporting reasons you can either email schooladmissions@lincolnshire.gov.uk or send a supporting letter.

You can see which oversubscription criteria a school uses by reading their admissions policy, a summary of which is included in this book. To read a school's full policy which details what supporting documents they may require please visit our or the school's website.

Parental preference

We always try to offer you your highest preference, so think carefully about the order you name the schools. All schools have a limit and sometimes there are more applications than available places, in these circumstances the governors will apply the oversubscription part of their admission policy. The legislation we follow does not guarantee your child a place.

We can only give a summary of a school's oversubscription criteria in this booklet. If you want to see a school's full admission policy you can look at our website, the school's website or contact the school direct.

You can name a maximum of three schools on your application. We strongly recommend you put three preferences on your application in case we cannot offer your first preference school. We also recommend that you consider a local school. If we cannot offer a place at any of your preferences it may result in the School Admissions Team offering your child a school that is not in your local area.

Other local authorities' coordinated schemes may enable parents residing within their authority to express more than three preferences on their application. We advise parents residing in other local authorities that Lincolnshire county Council will accept no more than three preferences for Lincolnshire schools.

You should always bear in mind any transport costs when choosing your school.

When will I find out if my application has been successful?

You will receive your school offer either via email or letter from **16 April**, depending on how you applied.

We will assume you wish to accept the offer. If you wish to refuse the offer please do so by **30 April**.

How many children can a school admit?

Each school can admit a certain number of children, known as the published admission number. A school runs most efficiently when it has this number of children in it. Published admission numbers are printed with the 'Contacts Details' in this book.

Sometimes there are more applications than the school can admit and this is when the governors look at the oversubscription criteria in their admissions policy. We publish a summary of these in this book; full policies are available on our website and the school's website.

Reserve Lists

If we refuse a place at a school, your child is automatically put on the reserve list unless you have been offered a higher preference. For example; if you are offered your second preference your child will be on the reserve list for your first preference school. You also have the right to appeal.

We will notify you if a place becomes available for your child from a school's reserve list. If oversubscribed in the normal year of entry, a school has to keep a reserve list until the end of the autumn term, some may keep it longer. You should contact the school for further details.

What happens if none of my preferred schools can offer a place?

If none of your preferred schools can offer a place and you live in Lincolnshire we will make sure you have a school for your child. We will do this by offering the nearest school that has an available place. You also have the right to appeal and the option to submit a revised application.

We advise you not to refuse the school place offered so that your child has a secure place for September. If a school is unable to offer you a place, accepting an alternative offer does not affect your right to appeal.

If we cannot offer your child a school and you do not live in Lincolnshire, your home local authority will be responsible for offering your child a place at an alternative school.

Revised Applications

If you are not happy with the school your child has been offered you can submit a revised application to change your preferences. A revised application can only be made after you have received an offer of a school place. We must receive your revised application by **18 May** in order to inform you of the outcome the week commencing **25 May 2020**. Revised applications received after this deadline will be processed at a later date.

You need to name any schools you wish to be considered for on the revised application. Your child will not remain on the reserve list for those schools who could not offer a place, if you do not list them on your new application. If a place can be offered at a school named on your revised application, your previous offer will automatically be withdrawn.

How do I appeal?

You have the right to appeal if a school you have named on your application has refused a place. Detailed information about appealing is available on our website and will be provided at the time you receive your offer of a school place.

If you have not applied online, or would prefer to appeal in writing you can request a paper form. For further information please call 01522 782030.

You can appeal for more than one school at the same time. If you are successful with an appeal we can cancel any outstanding appeals.

All admission authorities must post their appeals timetable on their website by **28 February** each year.

The appeals process

After lodging an appeal you will be invited to an appeal hearing. Here you will speak direct to an appeal panel; these are the people who make the decision whether to offer your child a place. There will also be a clerk and representative of the school at the hearing, who take no part in the decision making.

An appeal panel is made up of at least three independent members, who have no connection to the school or local authority.

The panel's decision is binding and can only be overturned in a court of law. If you are unsuccessful you can only appeal again for the same school, for the same academic year, if there has been a significant change in circumstances relevant to the application, for example if you have moved address.

If you are appealing for a place in reception, year 1 or year 2 and the school is organized in classes of 30 with a single teacher, you should read the advice we send very carefully. There are very limited reasons why such an appeal can be successful.

Will my child transfer from the nursery to the main school?

This will not happen automatically, you will need to apply for a place in reception and there is no guarantee your child will be offered a place at the school. You should be aware that attendance at pre-reception, nursery or attached playgroup is not taken into account by the majority of schools when allocating places; if they do, it will be listed as oversubscription criteria in their admissions policy.

Nursery Schools

The Headteacher can give you details of any pre-reception, nursery or attached playgroup and how you can obtain a place. We also have five Local Authority nursery schools; details are given at the back of this book.

Linked Infant and Junior Schools

Some infant schools take account of a brother or sister at a linked junior school; this will be stated in the oversubscription criteria of a school's full admissions policy. Likewise, some junior schools give priority to children who have a sibling at the linked infant school.

Please remember to name the sibling on your application.

When allocating places some junior schools give priority to children who attend a feeder infant school, if this is the case it will be listed in the oversubscription criteria of the school's admissions policy.

Schools' full admissions policies are available on our website and on the schools' websites.

Listed overleaf are junior schools children usually transfer to when they attend a particular infant school. Transfer is not automatic and an application must be made.

Child's Home Address

For admissions purposes the address that counts is the one where your child lives for the majority of school term time. The only exception to this rule is for children of UK service personnel and other crown servants; there is more about this later in the book.

A full definition of the term 'home address' can be found in the school's full admissions policy. You will need to refer to a school's full admissions policy if your child's living arrangements aren't straightforward, such as you have more than one property, or your child splits their time between more than one home.

We have a duty to prevent fraudulent applications and will always look at an address closely as this is one of the biggest factors in deciding which school is allocated. Sometimes it may not be possible to accept a claimed new address; if this is the case we will write to you and explain why.

Moving Address

If you have submitted an application and your child moves address, you must immediately inform us. We can only take into consideration a new address if your child is living there, by **12 noon on 14 February 2020**. You have notified us that you have moved before this date and we receive the appropriate proof of residency. We will not take into consideration an intention to move.

If your child moves after this deadline, but before national offer day, your new address will initially be used for correspondence purposes only. Once offer day has passed and we have received appropriate proof, your child's residence address will be updated.

If you are new to Lincolnshire, or if you want to change preferred schools, you must do this by **12 noon on 14 February 2020**. If you apply after the deadline, it will be too late to take account of your new application, as at that stage our work will be too far advanced. Any applications or changed to preference received after this deadline will be processed at a later date.

Fraudulent applications

The Local Authority and schools have the right to investigate any concerns they may have about your application. If there is evidence that you have made a fraudulent claim, or provided misleading information, government regulations allow for the withdrawal of a school offer even after the child has started. We reserve the right to check any address where the circumstances are not straight forward.

Can an offer be withdrawn for any reason?

Once we have made an offer we can consider withdrawing the place in the following cases:

- Where a fraudulent or intentionally misleading application led to an offer of a place. For example, a false address was given which denied a place to child with a stronger claim
- Where you do not respond to our offer or any of our follow-up letters
- Where an error has led to an offer of a place

Children with an Education Health & Care Plan

There is a different procedure for children who have an Education Health & Care Plan, you should speak to the staff in your child's early years setting or phone 01522 553332 for help.

Children who do not have an Education Health & Care Plan

Children who have special educational needs but do not have a Care Plan will be treated the same as any other child. This means their special educational needs will not be considered when allocating a place, you should apply in the usual manner as set out in this booklet.

Appeals for pupils with an Education Health & Care Plan

If you are not in agreement with the school named in your child's Education Health & Care Plan you should speak to the people named in the covering letter who will be able to discuss your concerns and advise on your right of appeal.

How can I find out more about admission arrangements for children with special needs?

If your child does not have an Education Health & Care Plan the best people to speak to will be the staff in the schools you are considering.

If your child has an Education Health & Care Plan you can seek advice from your child's current school, the schools you are considering and staff in Additional Needs at Lincolnshire County Council.

UK Service Personnel (UK Armed Forces and Other Crown Servants)

Lincolnshire County Council and all schools in Lincolnshire support the Government's commitment to removing disadvantage for service children. However, in order to be able to do this and comply with Government schools admissions regulations we will need supporting documentation to demonstrate a posting if you wish your address to be accepted in advance of your move. We can also accept a unit postal address or quartering area address. This also applies to Crown Servants returning from abroad.

If you do not provide evidence of a posting then the application will be considered based on your current address. For routine admissions the application should be made to your home LA if you do not have a confirmed posting or you have a posting to a base outside Lincolnshire and do not have an address within Lincolnshire.

In all cases after national offer day the school admissions team will approach schools to ask that they consider whether to offer a place even if they are full. Schools are not obliged to do this and will follow their published admissions policy. Please refer to the school's full admissions policy for further information on UK Service Personnel and other Crown Servants. These are available on our website and on the school's website.

Please contact the school admissions team for full guidance on how your application will be dealt with if you would like more information.

What is the military covenant?

The government has entered a military covenant aimed at helping service personnel, and crown servants returning from abroad, and asked that we remove any disadvantage these families may suffer in finding school places for their children. We have worked with all school admission authorities in Lincolnshire to make sure that their admission arrangements support the government's commitment to removing disadvantage for these families; you can find their detailed arrangements in their admissions policies posted on their websites and ours.

What is the equal preference system?

We no longer use a system where schools prioritise applications that list their school as first preference; instead we use an equal preference system. This means we pass on your application data to your preferred schools, but do not tell them the order you have listed them. Only we know your order of preference.

If multiple schools inform us that they can offer your child a place, we will offer you the highest preference available. You will not receive multiple offers.

What is a coordinated scheme?

A coordinated scheme is a document that lays out how your application will be processed, including;

- A timetable
- Explanation of cross Local Authority coordination
- Information on the application and offer process

The coordinated schemes are available on our website.

How do you measure distance?

The distance from your home to the school is often important in the school's oversubscription criteria. Our measuring system meets the government's regulations and we apply it in a fair and consistent manner.

We use an electronic measuring system and measure in most cases from the post office address point of your home to the post office address point of the school; these are not the same as postcodes and are individual to each property.

We provide schools with straight-line distance for all applicants and measure to three decimal places e.g. 1.256 miles. The oversubscription criteria of a school's admissions policy will state what measurements they use.

We are aware there are other electronic systems and you can also use your odometer in your car, these may well produce different results.

Tie-Break

Where two or more addresses have an identical measurement for the last remaining place, a tie-break is used. In this situation the majority of schools use random allocation as a tie-break, a school's admissions policy will state what tie-break is used. If random allocation is used, this will be drawn by a person who is independent to the School Admissions Team and independent to the school.

Admission of Children below Compulsory School Age

Schools provide for the admission of all children in the September following their fourth birthday.

When a school has offered your child a place:

- Your child is entitled to a full-time place in the September following their fourth birthday
- You can defer the date their child is admitted to the school until later in the school year but not beyond the point at which they reach compulsory school age and not beyond the beginning of the final term of the school year for which it was made, whichever is the sooner
- Where you wish, your child may attend part-time until later in the school year but not beyond the point at which they reach compulsory school age

If you are interested in deferring admission or arranging part-time attendance you must contact the school to discuss this.

Parents of summer born children deferring admission until the child starts Year 1 risk losing the offered school place.

Admission of Children outside their Normal Age Group

You may seek a place for your child outside their normal age group, for example, if your child is gifted and talented, summer born or has experienced problems such as ill health. To make a request you must contact your home local

authority for guidance on the procedure to follow.

It is important to note that you will have the opportunity and responsibility to provide whatever evidence you wish to support your request.

Decisions will be made on the basis of the circumstances of each case and in the best interests of the child concerned.

This will include taking account of:

- Your views
- Available information about the child's academic, social and emotional development
- Where relevant, their medical history and the views of a medical professional
- Whether they have previously been educated out of their normal age group
- Evidence that the child may naturally have fallen into a lower age group if it were not for being born prematurely
- The views of the head teacher
- Whether it is the child's best interests to be admitted into reception or year 1 if parents wish to defer until the child is statutory school age

Midyear Applications – applying for a transfer to another school

If you want to move your child to another school you can submit a midyear application. Midyear applications can be made online at www.lincolnshire.gov.uk/schooladmissions or you can request a paper application. Usually a midyear application is made due to a house move.

If you are not moving address but want to change your child's school you should discuss this with your child's present Headteacher. We believe it is best to avoid a move whenever possible because moving schools can be an unsettling experience for children and affect the standards they achieve.

Headteachers cannot legally direct a pupil to find a new school in order to avoid permanent exclusion. If this is the reason for your mid-year application, you should call the pupil reintegration team on 01522 553318 or 01522 553510 or email prt@lincolnshire.gov.uk.

If you are moving into Lincolnshire we may allocate a place six school weeks in advance of a confirmed move to the area, depending on the circumstances. In the first instance please contact your current local authority to apply for a place at a Lincolnshire school. Some local authorities choose not to coordinate the application process for midyear places, if this is the case you can apply directly through us.

You cannot apply for a place if your child is resident outside of the UK, unless you are UK service personnel or other crown servant and have an official document that declares a relocation date.

If you are moving out of Lincolnshire you should contact the local authority in that area for advice.

Occasionally a school will accept an application direct, please contact schools direct for further information.

Before applying we strongly recommend that you research the schools, including visiting them if practical. Our website www.lincolnshire.gov.uk/schooladmissions provides useful links to help you research.

If free home to school transport is important you will need to find out about this before completing an application. Useful information is available online at www.lincolnshire.gov.uk/schooltransport.

We will work with the schools you prefer to find the highest preference available. If none of your preferred schools can offer a place we will usually find and offer the nearest available school place in your child's year group.

Free School Transport

Transport can be granted according to the home to school transport policy. If school transport is an important factor then more information is available on our website www.lincolnshire.gov.uk/schooltransport or phone 01522 782020.

The school transport policy and school admissions policy use different measurements to define closest school so you should consider this when considering in which order to list schools if this is an important factor to you.

Briefly we will provide or pay for transport to the school within the designated transport area, or to a nearer school if the distance between your home address and the school is more than two miles (3218 metres). measured by driving distance.

We do not provide transport to nursery schools or classes. Children become eligible for free school transport in the year in which they are five and provided they meet the conditions of the home to school transport policy.

Fair Access Protocol

Local Authorities are required to have Fair Access Protocols in order to make sure that unplaced children who live in the home local authority, especially the most vulnerable, are offered a place at a suitable school as quickly as possible. This includes admitting children above the published admissions number to schools that are already full.

Full details of the Fair Access protocol can be found on our website.

Testing and Charging

There are no charges for a child to be admitted into any of our schools. There may be costs for school uniforms or school trips and you should speak to the individual school about these.

None of our primary school select by ability, so there are no tests for admission.

Complaints Procedures

All school staff have to give their pupils the best possible education and care properly for their health, safety and welfare at all times. If you feel something is not quite right and you have concerns or you want to complain you should talk to the Headteacher in the first instance.

Personal Matters

We do not have personal accident insurance cover for children. This can be offered by insurance brokers. The same applies to children's personal property. Schools do not have insurance to cover these items, including school uniforms.

Free school meals

School meals contribute to the development of good food habits and eating a healthy balanced diet has proven benefits for health and concentration. School meals can have significant benefits both for individual children and for the broader life of the school.

The government has announced that every child in Reception, Year 1 and Year 2 will be offered a free school lunch. This follows a recommendation in the School Food Plan, which aims to bring about a significant increase in the number of children eating good food in schools.

Contact your child's school for information on menus and school catering. For information on the School Food Plan please visit www.schoolfoodplan.com

You can apply for free school meals by visiting our website or contacting your child's school for further information. You may also apply for free school meals based on your financial income for Years 3, 4, 5 and 6.

If your child is eligible and registered for a free school meal due to financial income, their school received a pupil premium per pupil which is set by the government and can be spent on additional resources to help your child. If your child is in Year 3 or above and receiving free school meals this funding will automatically follow. If your child is in Reception, Year 1 or Year 2 please talk to your child's school as they may not necessarily know that your child is entitled to pupil premium funding.

Free milk is provided in our nursery schools and nursery classes.

School attendance

Attendance is vital to your child achieving good outcomes. Absence in term is not expected unless your child is ill. Other absences during term time would need to be proven as an exceptional circumstance, including holidays. The Education Welfare Services offer schools and families support to ensure attendance is maintained. Parents may not authorise absence, only the schools can do this. Schools are required to investigate if a pupil fails to attend regularly, or has been absent for a continuous period of 10 days, and where the absence is treated as unauthorized. What is an admissions policy?

An admissions policy provides information on the admittance of children to a particular school or schools. An admission policy contains the oversubscription criteria that the admission authority will apply if there are more applications than places available, therefore it is these criteria that determine which child is offered a place.

Meeting a part of the criteria, does not guarantee your child a place, for example, the school is the nearest one to your home address.

This book contains a summary of the oversubscription criteria for Lincolnshire schools. Definitions may differ from school to school. You should always check the school's full admission policy for definitions of key terms such as 'sibling' or 'home address'. To read the full admissions policy for a particular school you must contact the school direct, look at their website or visit www.lincolnshire.gov.uk/schooladmissions, where a full copy of the policy is available.

Allocating Places

For entry into reception and junior in September all schools allocate places to parents who submit an application before we consider any parent who has not returned one.

Children with an Education, Health & Care Plan

In accordance with legislation the allocation of places for children with the following will take place first for all schools; where the school is named in the child's Education, Health and Care Plan (Children and Families Act 2014). After

these children have been allocated a place, the remaining places will be allocated in accordance with the school's oversubscription criteria.

Looked After and Previously Looked After Children

The majority of schools give highest priority to these children; further information is available by reading the school's oversubscription criteria.

Sometimes referred to as a child in public care, a looked after child is a child in the care of the local authority, or is provided with accommodation by a Local Authority in accordance with section 22(1) of the Children's Act 1989, at the time of application. Previously looked after children are children who were looked after, but ceased to be so because they were adopted or became subject to a child arrangements order or special guardianship order.

Faith Schools

Some schools give priority in their oversubscription criteria based on faith, if they do it is stated in their oversubscription criteria in this book. If you are applying to a school on faith grounds you will need to specify this on your main application and complete an additional form, which you must obtain directly from the school. This is explained in more detail in 'Supporting Reasons for Applying' earlier in this book.

Their full admissions policy provides definitions and stated additional evidence you need to submit. The following two definitions are standard:

- Who is a communicant member of the Church of England?

The Church of England states this is a person who is baptized and has declared themselves to be a member of the Church of England or a church in communion with it, and has received communion according to the use of the Church of England or of a church in communion with the Church of England. If a school uses this criterion, this definition will apply.

- Who is defined as Catholic?

All of the Catholic schools in Lincolnshire use the following definition:

- A child baptised in the Catholic Church (Roman or Eastern rites) whose members are in full ecclesial and canonical communion with the Bishop of Rome. Further advice available from Diocesan Education Service; a child baptised in another Christian denomination who has been received into full ecclesial and canonical communion with the Catholic Church; a child who, with his or her family, is participating in a recognized course of preparation leading to baptism or reception into the Catholic Church.

Regular Worshippers

Church schools require evidence that you attend church 'regularly'; you must check the school's admission policy as this definition varies from school to school.

Medical or Social Grounds

Some schools give priority in their oversubscription criteria based on medical or social ground, if they do it is stated in their oversubscription criteria in this book. If you are applying to a school on medical grounds you will need to specify this on your main application and complete an additional form, which you must obtain direct from the school. This is explained in more detail in 'Supporting Reasons for Applying' earlier in this book.

When applying on medical or social grounds you should supply a supporting letter from the professional specified in the school's full admissions policy. The supporting letter should set out the particular reasons why the school in question is the most suitable school for your child and the difficulties that would be caused if they had to attend another school. If you do not produce the required evidence governors will not give your child any higher priority under their admission arrangements.

Designated Transport Area

For transport purposes Lincolnshire has been divided into different designated transport areas. Some schools choose

to give priority in the oversubscription criteria of their admissions policy to children who live within their designated transport area. To find out your designated transport area school you can contact the School Transport Team on 01522 782020 or by emailing schooltransportapplications@lincolnshire.gov.uk. If school transport is an important factor. The County Council's policy on home to school transport gives the rules about who can claim free home to school transport.

Siblings

The majority of schools choose to give priority to children who have a sibling connection with their school. In general terms a sibling is a brother or sister; however, schools have their own definition of the term sibling. A school's full admission policy will state what they mean by the term sibling, brother and sister, and will define if this means full, half, step siblings, etc.

A school will also state if the sibling has to be attending when the child is due to start or if they need to be on roll at the time you apply, some schools also give priority to children who previously had siblings attending their school.

Siblings from a Multiple Birth

If you are applying for places for children from a multiple birth, if one or more can be admitted within the published admission number the school will be allowed to go above its admission number as necessary to admit all the children; unless this would make the class too large.

The Government's School Admissions Code makes an exception to the infant class limit in this situation.

Siblings in the Same Year Group

If you are applying for places for children not from a multiple birth, but they were born in the same academic year the following applies. Where there is only one place available in the school the children will be considered together as one application. The school will be allowed to go above its admission number as necessary to admit all the children except in cases where infant class regulations prevent this from happening. If this happens we can only legally offer one place because the Government's School Admissions Code makes no exception to the infant class size limit for siblings in the same year group. We will offer one place for one child and a different school for the other child or children.

Admissions Policies and Oversubscription Criteria

If a school is Community or Controlled then Lincolnshire County Council, the Local Authority, is classed as the Admission Authority. These schools use the Lincolnshire County Council primary school admission policy when allocating places, a summary of oversubscription criteria from this is printed on the following pages. Our full admissions policy is available on our website. You can find out if a school is Community or Controlled by referring to the 'Contact Details' section in this book.

For Academies, Foundation and Aided Schools the Governing Body or Trust is the Admission Authority, these schools have their own admission policy which includes their oversubscription criteria. A summary of these schools' oversubscription criteria is shown in this book. A copy of a school's full admission policy can be viewed on our website or the school's website.

The admission authority will apply the oversubscription criteria if there are more applications than places available, therefore it is this criteria that determine which child is offered a place.

Lincolnshire County Council Primary – Oversubscription Criteria for Community and Controlled Schools

In accordance with legislation the allocation of places for children with an Education, Health and Care Plan (Children and Families Act 2014) where the school is named will take place first. We will then allocate remaining places in accordance with this policy.

The oversubscription criteria are listed in the order we apply them. If it is necessary to distinguish between more than one applicant in any criteria, the next criteria will be applied until the tie-breaker is used.

Definitions of terms indicated by numbers are given separately below.

Oversubscription Criteria

- A. Looked after children and all previously looked after children. (1)
- B. A brother or sister attending the school at the time of application, or who will be attending the school at the expected time of admission. In addition in the case of infant schools a brother or sister attending the associated junior school or will be attending the associated junior school at the expected time of admission. (2)
- C. Nearest school; measured by straight line distance. (3)
- D. Church criterion where in operation at certain Voluntary Controlled schools. (5)
- E. Increasing order of straight line distance. (4)

If the distance criterion is not sufficient to distinguish between two or more applicants for the last remaining place then a lottery will be drawn by an independent person, not employed by the school or working in the Local Authority Children's Service Directorate.

The intended overall effect of the proposed oversubscription criteria is to maximize the likelihood that local children will gain places at their local school in an oversubscribed year; it is not possible to guarantee this however.

Definitions and Notes

1. A 'looked after child' is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22 (1) of the Children Act 1989) at the time of making an application to a school.

Previously looked after children are children who were looked after, but ceased to be so because they were adopted (or became subject to a child arrangements order or special guardianship order). This includes children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children's Act 2002 (see section 46 adoption orders). Child arrangements orders are defined in s.8 of the Children Act 1989, as amended by s.12 of the Children and Families Act 2014. Child arrangements orders replace residence orders and any residence order in force prior to 22 April 2014 is deemed to be a child arrangements order. Section 14A of the Children Act 1989 defines a 'special guardianship order' as an order appointing one or more individuals to be a child's special guardian (or special guardians).

2. Brother or sister attending the school at the time of application, or who will be attending the school at the expected time of admission. In all cases both children must live at the same address. We include in this criterion:
 - o a brother or sister who shares the same biological parents
 - o a half-brother, half-sister, step-brother or step-sister
 - o a legally adopted child, a child legally adopted by a biological or step-parent

We take account of sibling links across certain infant and junior schools, these are:

Associated Infant and Junior Schools

Infant School	Associated Junior School
Holton-le-Clay Infants' School	Holton-le-Clay Junior Schools
Lincoln St Faith's Church of England Infant School	Lincoln St Faith & St Martin Church of England Junior School
Lincoln St Peter in Eastgate Church of England Infants' School	Lincoln Westgate Academy
Lincoln Woodlands Infant and Nursery School	Lincoln Birchwood Junior School
Louth Eastfield Infants' and Nursery School Marshchapel Infant School	Louth Lacey Gardens Junior School Grainthorpe Junior School

Twins and other siblings from a multiple birth – In these cases all the children will be considered together as one application. If one or more can be admitted within the published admission number the school will be allowed to go above its admission number as necessary to admit all the children, unless this would make the class too large. The government's school admissions code makes an exception to the infant class limit in this situation.

Brother and sisters in the same year group – Where there is only one place available in the school the children will be considered together as one application. The school will be allowed to go above its admission number as necessary to admit all the children except in cases where infant class regulations prevent his from happening. If this happens we can only legally offer one place because the government's school admissions code makes no exception to the infant class size limit for siblings in the same year group. We will offer the parent one place for one child and a different school for the other child or children.

3. The nearest school is found by measuring the straight line distance from the child's home address to all school admitting children in the relevant year group. Measurements are calculated electronically from the Post Office address point of the home to the Post Office address point to the school. We measure distance to three decimal places, e.g. 1.256 miles.
4. Measurements are calculated electronically from the Post Office address point of the child's home address to the Post Office address point of the school by straight line distance. We measure distance to three decimal places, e.g. 1.256 miles.

We use the distance calculated in this way to apply the final oversubscription criterion.

Home Address

By home we mean the address where the child lives for the majority of term time with a parent as defined in section 576 of the Education Act 1996 who has parental responsibility for the child as defined in the Children Act 1989.

Where a child lives normally during the school week with more than one parent at different addresses, the home address for the purposes of school admissions will be the one where the child spends the majority of term time. If a parent can show that their child spends an equal amount of time at both addresses during school term time, they can choose which address to use on the application.

If a parent has more than one home, we will take as the home address the address where the parent and child normally live for the majority of the school term time.

We do not take into an account an intention to move.

5. The following table shows the schools where Church criterion is in operation and gives the local details of how parents can gain priority for this reason.

Parents applying on these grounds must claim this priority in their application. Attendance at worship must be verified by a signed letter from an officiating minister at the place of worship. Schools will verify claims for priority on this ground by contacting parents for details of the person who can provide written confirmation that they meet the test set below.

If you have only recently moved to the area the school can also consider written evidence of an equivalent commitment to a place of worship at your previous address, provided you have started to worship in the area you have moved.

- Louth Generations Church
- Eastgate Union (URC/Baptist)
- St Atelheards (Orthodox)
- St Mary's (Catholic)

Regular is defined as at least monthly attendance at the place of worship for at least a year before making your application. This will be verified by a signed letter from an officiating minister at the place of worship.

Skellingthorpe St Lawrence Church of England Primary School

Priority will be given to regular worshippers in a Christian Church. Regular will be defined as at least once a month at the place of worship for at least a year before making your application. This will be verified by a signed letter from an officiating minister at the place of worship.

A "Christian Church" is defined as a church that subscribed to the Christian doctrine of the Holy Trinity.

Oversubscription Criteria for Academies, Foundation and Aided Schools

Academies, Foundation and Aided schools have their own admission policies which includes oversubscription criteria. The following pages contain a summary of the oversubscription criteria for Academies, Foundation and Aided Schools. Schools not listed individually use the Lincolnshire County Council policy given earlier in this book.

Definitions may differ from school to school. You should always check the school's full admission policy for definitions of key terms such as 'sibling' or 'home address'. To read the full admissions policy for a particular school you must contact the school direct, look at their website or visit www.lincolnshire.gov.uk/schooladmissions, where a full copy of the policy is available.
