19th October 2020

What's going on this week?

Comic Relief has announced that from 2021 its red noses will be plastic-free for the first time. The new noses will be made from bagasse, a natural by-product of sugar cane, and take more than 18 months to create! The charity, which “strives to create a just world free from poverty”, made the change after it received letters and emails from the children of Furlanesend Community Primary School asking them to create a plastic-free version of the nose to help reduce plastic waste.

Things to talk about at home...

- 🍌 Have you ever bought or worn a red nose? What did you do with it after the fundraising event/day?
- 🍌 What do you know about Comic Relief? Can you think of any alternatives to the red noses?
