

Dear Parents/Carers

As we know, keeping children safe when online is a challenge. With that in mind I thought I would send you this email to support you with how to restrict information from your child's technology devices.

This is a really good website which outlines how this can be done:

<https://www.pandasecurity.com/en/mediacenter/panda-security/parental-control/#os>

If you scroll down to this section you can click on each technology type, which then outlines instructions on how to set it up:

How to Set Parental Controls

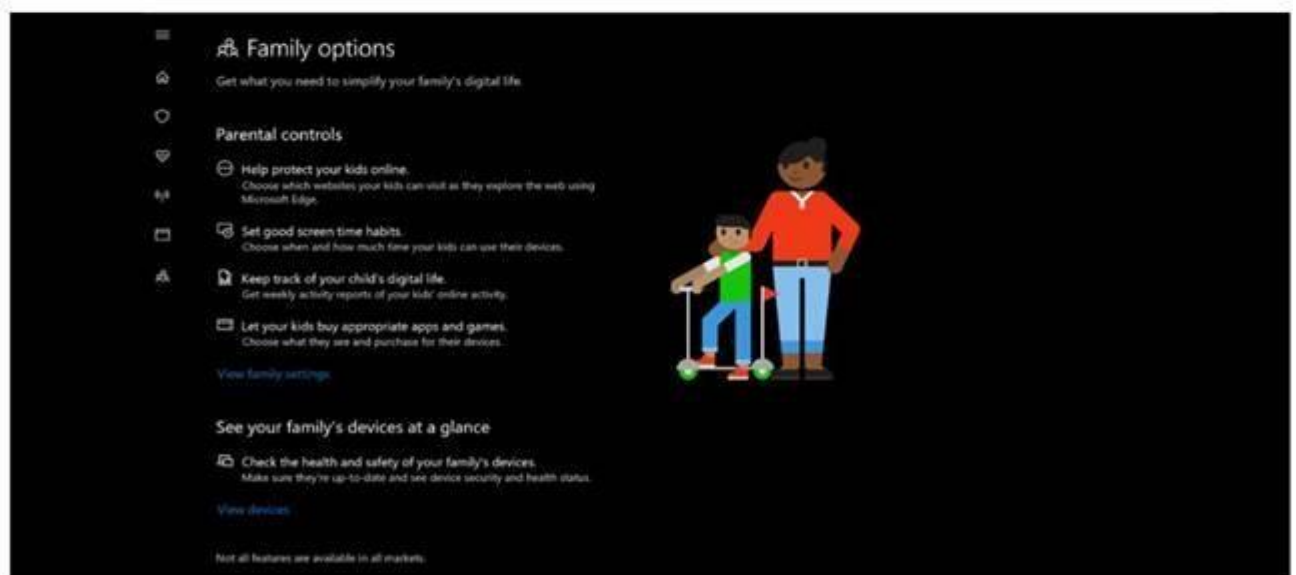

Parental controls can prevent and filter a variety of inappropriate content for little ones. However, figuring out how to set parental controls on each device can be confusing. We explain how to set them on the following devices and services:

- **Computer Operating Systems**
- **Internet Browsers**
- **Search Engines**
- **Video Streaming**
- **Gaming**
- **Cell Phones**
- **Parental Control Apps**

Or Windows 10/Microsoft have some useful information:

<https://news.microsoft.com/en-in/features/windows-10-parental-controls-feature/>

A safe online experience with Windows 10 Parental Controls

On this website there are downloadable flyers for each Key Stage regarding screen time:

<https://www.internetmatters.org/resources/esafety-leaflets-resources/>

I hope that this can support you in some way.

Best wishes to you all.

Mr K Leader
